

vermont

passive house

Join a panel of frontline architects, developers and building managers who will make the case for the cost effectiveness of building according to the Passive House and High-Performance Net Zero/Net Positive standards focused on multifamily affordable housing

Panelist will be:

Bill Maclay – [Maclay Architects](#) – Waitsfield VT

Todd Rothstein - [Avesta Housing](#) - Portland ME

Jesse Thompson – [Kaplan Thompson Architects](#) – Portland ME

Charlie Willner – [Evernorth](#) – Burlington VT

Michael Wisniewski – [Duncan Wisniewski Architects](#) – Burlington VT

Each panelist will make a 10 minutes presentation on their lessons learned and the pathway to build an optimized building that can achieve the lowest total ownership cost while providing the most resilient, healthiest and comfortable housing.

A half hour of Q&A will follow their presentations.

Tuesday, May 25th 11:00 AM to 12:30 PM

Registration is free. A \$20 donation suggested

AIA-HSW and PHIUS CPHC credits available
